

INTONATION

January 7, 2022

Miss Whe Do Kim
Board of Directors
The Lincoln Park Music Center Foundation

Dear Miss Kim and the Board of the LMPC Foundation,

On behalf of the board, staff, and students of Intonation Music, thank you for your generous contribution to our programs. For the past fifteen years, we at Intonation have worked to foster community, impart arts education, and mentor exceptional young artists and citizens. As one of our students recently observed, **“I’m going to take these lessons to incorporate into my life and music. It builds character, it built me as a person.”** None of our achievements would be possible without the selfless contributions of friends like you.

I am thrilled that you are joining us for the fourth consecutive year to ensure a solid foundation for the future. Your support comes at a critical moment for our students, organization, and community, as our committed team returns to in-person instruction after the pandemic.

Your gift of \$11,375.00, pledged on December 8, 2021, helps provide us with the resources needed to move forward and continue to instruct, empower, and mentor our students. With the support of the Lincoln Park Music Center Foundation, Intonation can fill out three new backlines, bringing Intonation’s total fully-functional classrooms from 9 to 12, and increasing our instructional capacity by 30%. By funding the purchase of quality, new, and fully functioning equipment the LPMC provides a foundation on which the instructors and the students can teach and learn. You are most welcome to share the impact of your generosity on Intonation and its students with your community.

We are so thankful for your continued partnership and support for Intonation. I’m grateful to have you in our corner.

Warmly,

Tonya Howell, Executive Director
